[Victoria Fromkin's Homepage - Department of Linguistics](#)

Dr. Fromkin, a professor emeritus, was a scholar in a wide array of fields within linguistics, including the brain and language, the linguistic significance of speech errors, phonetics, and psycholinguistics. She compiled a major collection of speech errors and slips of the tongue produced spontaneously in normal conversation and by brain-damaged patients to better understand the mental

Introduction to English Linguistics - School of English

The seminar called Introduction to English Linguistics is offered in English to first year students in weekly sessions. Since for most students this seminar is the only place where the topics of the course are discussed in English, teachers of this seminar often have to explain the material to their students before (or instead of!) doing exercises or discussing problems, and so a considerable

Linguistics, the study of language, gives us an insight into

the human mind. Leonard Bloomfield defined linguistics as the science of language (Bloom field, 1935), like all scientists, linguists will aim at formulating the general principles to account for the data with which they are faced. Linguists try to formulate generalizations about linguistic data, i.e. language.s There are various
