Ten Steps to Building College Reading Skills covers ten basic reading skills essential for sound reading comprehension. This new edition in the Ten Steps series is suitable for the basic developmental reading course offered at most colleges AND for high school English/Language Arts classes focused on building college readiness.

Ten Steps to Building College Reading Skills by John Langan

The Langan series of textbooks is a solid approach for developmental students in need of improving their college-level reading skills. I used this text in an ESL reading class I taught a number of times over the past decade. The formula is simple: in order to improve, students need targeted work on ten key skills such as learning vocabulary from context or making inferences. Each chapter provides guided readings and copious exercises so that students can learn while reading.

I use John Langan's 'Ten Steps to Building College Reading Skills' as a tutor helping people with limited literacy skills to prepare for community college. Many students who return to school after ten, twenty or more years, having only barely passed high school (or, in some cases, not having passed high school and having obtained a GED instead) find that their basic reading skills have deteriorated - they can read the newspaper or magazine articles somewhat, and can handle various kinds of
